

BORROW A BEAUTIFUL ART BOOK FROM THE LIBRARY.

Even young babies will like looking at the pictures as you talk about the art print, the colors and the artist. Preschoolers can **make their own work of art** using watercolors or other paint.

Teach your kids to think outside the box. . .

Get them a BOX!

Large appliance boxes are free for the asking. Stock with dress-up clothes, old household items, empty food containers, etc. **Stand back and let imagination take over!** Babies love to crawl into a box with a toy or book too.

Talk about what animals do in Winter

to keep warm and find food. Find pictures or stories from books or a children's video. What can your family do to **help the animals** around your house in Winter?

Teachable Moments happen every day
