

## WATCH THE WINTER VEHICLES AT WORK.

Snow plows, salt trucks,  
and snow blowers  
are wonderfully fascinating!  
Talk about what they are  
doing and why.

## Cabin Fever Reliever ... Install a bird feeder!

Babies love watching birds outside  
the window. Toddlers and preschoolers  
can help **refill the feeder and identify**  
visiting birds from a picture book.

## Look for animal tracks in the snow.

What kind of animal made the tracks?  
Make **human tracks** in the snow and  
compare the differences and sizes.

Teachable Moments happen every day
